Sir:

On April 3, "Action Now" was contacted to take care of the matter of an abandoned car that has been sitting in front of 83-85 Aldine Street. On April 12, my husband called your home and left a message to the same effect.

Needless to say this unlicensed car (green colored Valiant, four flat tires, and broken headlights) still sits there with all kinds of refuse collecting around it.

It would be appreciated if you could take care of this eye-sore as soon as possible.

Respectfully yours,

Mrs. Catherine Selis
